## Springtime is Foaltime!

Last summer, we took in two pregnant American Saddlebreds mares, Ember and Harlem! They both delivered healthy, adorable, chestnut fillies in late March and early April. Ember surprised us by dropping her foal in the middle of the day out in her pasture. Her filly is named Phoenix and is identified by the white heart-shaped star on her forehead. Harlem delivered her filly, Maya, in her birthing stall in the barn, much to the delight of all of us watching via the Explore.org camera! Maya's white star and stripe on her face mirrors her mom's. Both fillies are super friendly and growing bigger every day. If you haven't already, check out our live cameras! ## “Teaming” with New Ideas

KYEAC recently sponsored a successful team-building event for a nonprofit association. These co-workers had little to no horse experience but were given the opportunity to work in the arena with their colleagues and an equine to achieve specific goals. If your company would like to increase job satisfaction, break down social barriers, increase morale, or just come get some warm fuzzies, this event is for you! We offer a two-hour course that works with skills your team members have and maximizes their communication abilities. The event is private and can be scheduled at your convenience. Prices depend on group size. The event is taught by trained facilitators and the fees include parking, a private farm tour, and light refreshments. Call our office at 859-881-5849 with questions or to schedule an event.

# Adoption Updates

In May we celebrated Adopt A Horse Month, but it's always a good time to adopt at KYEAC! In fact, to help our herd find their forever homes, we have lowered all adoption fees and eliminated the deposit fee! That's right, the same lovable, adoptable horses can be yours for less. Plus, to make a sweet deal even sweeter, every adoption will receive one complimentary bag of feed from our exclusive feed provider, McCauley's Feeds. Lower prices, no deposit fee, and a free bag of food! There's no better time to adopt a horse than right now.

## Thank You!

Without your financial support, we would have to close our doors. Our horses come first and your donations go directly towards their care; whether it is tack, grain and hay, medicines, supplements, or farrier and veterinarian bills. Your contributions help us maintain a high standard of care and continue our mission of finding loving homes for our beloved equines.

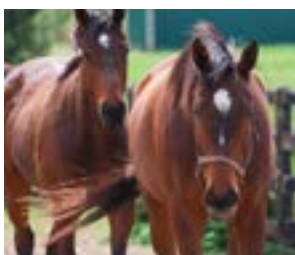

We are truly grateful for your kindness and support. Your donation not only helps the horses but also contributes to our broader goal of promoting equine welfare and responsible ownership. Thank you for considering a donation to KYEAC.
